

Rayza-Back™ 316 SS Mesh seam reinforcement

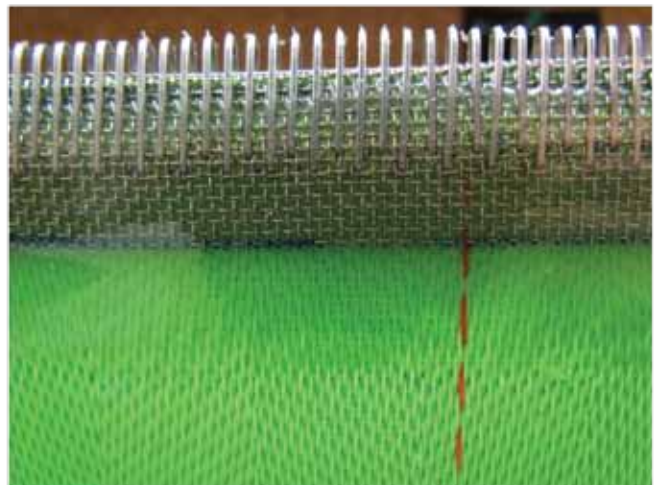

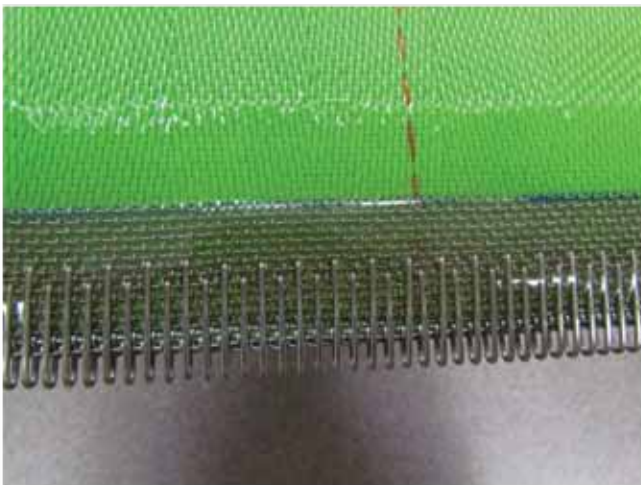

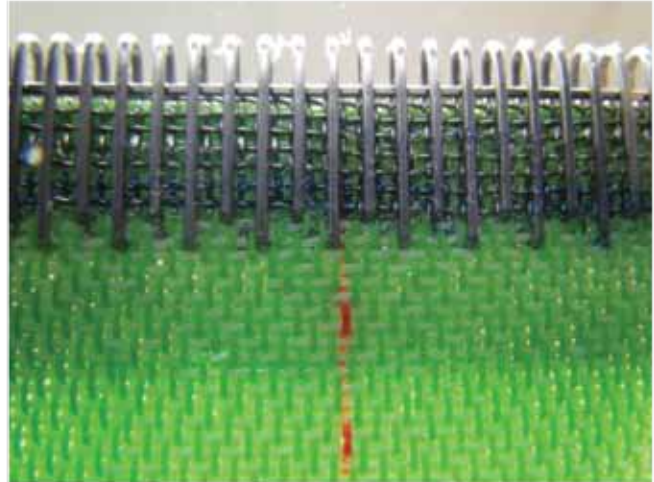

(As Pictured below on the *Nano Green™*)

Extends the Full Width of the Belt

Front of Seam: (Cake Side)

Back of Seam

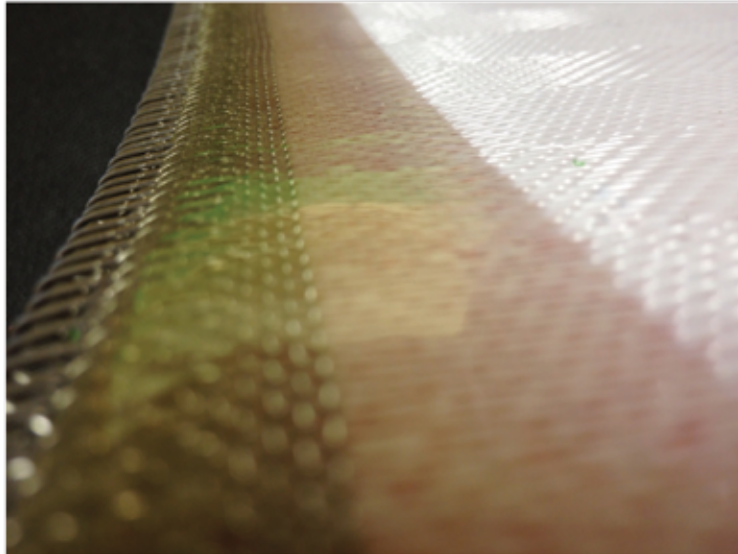

The Rayza-Back™ is a patent pending NFM proprietary seam that incorporates a 316 Stainless Steel Mesh Screen into the clips to add additional strength and rigidity to the belt without adding thickness to the seam. It is designed to help resist belt wrinkles and tracking issues by adding reinforcement to the entire width of the belt seam.

Introducing the NEW *Rayza Back™* Reinforced Seam

Features

Fully Integrated
One Solid Piece
Low Profile
Unibar Construction
Smooth Surface

Benefits

Higher tensile strength seam
Less chance for belt wrinkles
Longer Life
